To all valued members,

3rd June 2025.

Re: Expression of Interest in Amalgamation – Strategic Planning for Our Club’s Future.

We are writing to inform you that your Board has decided, as part of our long-term strategic planning, to advertise an Expression of Interest (EOI) to explore potential amalgamation opportunities with larger clubs.

As you know, our Club is currently financially viable and continues to serve our members well. However, we believe it is both prudent and responsible to plan ahead to ensure our continued strength and sustainability—not just for today, but for the next 10 to 20 years.

The purpose of seeking EOIs is not to signal immediate change, but to understand what possibilities might exist if amalgamation could benefit our members, enhance our facilities, or provide access to additional resources and opportunities.

Larger clubs may bring economies of scale, increased membership, improved competition opportunities, and upgraded infrastructure—all of which could potentially enrich the experience of our current and future members.

It's important to stress that this is a preliminary exploration only. No decisions will be made without full consultation with you, our members, and any potential amalgamation would be subject to your approval.

We will continue to keep members informed throughout this process, and we welcome your questions, input, and ideas.

Thank you for your continued support and commitment to our Club's future.

**Yours sincerely,
Brian Lee – President.**
